Summary

Full-stack Web Developer that can leverage a film and television technical background to develop creative and engaging web content. Recently earned a certificate in full-stack development from the University of Toronto. Known as a creative problem solver that is passionate about developing apps, with excellent communication skills and a high attention to detail. Aim for each project is to learn and expand my knowledge of technologies and how best to leverage them for an impactful user experience. My technical acumen will be an asset to any quality-driven team to build better customer experiences on the web.

Technical Skills

Frontend skills: React, HTML, CSS, JavaScript, Bootstrap, Tailwind, jQuery

Backend skills: Node, MySQL, MongoDB, GraphQL, Express.js

Applications: VSCode, GitHub, Adobe Creative Suite, Microsoft Office Suite

Projects

Food Finder |

GitHub Repo: <https://github.com/ianaack/food-finder> |

Deployed Page: <https://bootcampprojectoneteamfour.github.io/food-finder/>

Food Finder takes a users postal code and displays the top 10 restaurant within a 2km radius. I was primarily responsible for the JavaScript fetch calls to display the restaurant info. I also acted as the project manager for the delivery of this application.

HTML, Tailwind CSS, JavaScript, REST APIs

Reimagined Systems |

GitHub Repo: <https://github.com/ianaack/reimagined-system> |

Deployed Page: <https://reimagined-system.herokuapp.com/>

Reimagined Systems is a team of developers that helps companies to manage and track their inventory. For this project we created a client called "Foston Pizza" to help a manager keep track of their inventory levels. I was primarily responsible for the back-end engineering and SQL structures. I also acted as the lead back-end engineer for the project.

MySQL, JavaScript, Express.js, Sequelize ORM, bcrypt, chart.js, Handlebars.js, HTML, Tailwind CSS

Experience

A Plus Creative

Videographer and Video Editor

Sept 2017 – Present

Toronto, ON

I help produce and deliver engaging content for large Canadian and international brands including Shoppers Drug Mart, Hudson's Bay Company, Estee Lauder, Loblaws, Wal-Mart, and Joe Fresh.

I hold close working relationships with producers, art directors, editors (both 2D and 3D), c-suite, clients, and rental houses to ensure the successful execution of every video project.

I am responsible for managing multiple concurrent projects; from creative development to principle production, post-production, and delivery.

Freelancer

First Assistant Camera

April 2011 – Sept 2017

Toronto, ON

My main responsibilities included management and maintenance of technical equipment (Camera, Lighting, and Audio Equipment).

I worked closely with directors, managers, and supervisors to ensure all technical requirements were met for the duration of the production.

I worked closely with various post-production departments to ensure that all assets were delivered on time and in a proper format.

Education

University of Toronto School of Continuing Studies Boot Camps, Toronto, ON
Certificate – Full-Stack Web Development

July 2022

Niagara College, Welland, ON
Advanced Diploma – Broadcasting – Radio, Television, & Film

June 2011
